Dear Community Partner,

On behalf of the Atlanta Korean American Senior Association (AKASA), I am pleased to invite your organization to become a valued sponsor of the 2026 1st Atlanta Korean American Senior Welfare Forum, to be held on Friday, October 2, 2026, at the Korean American Association of Greater Atlanta Community Center in Norcross, Georgia.

As the Korean American senior population continues to grow throughout Metro Atlanta, many older adults face significant challenges, including language and cultural barriers, limited access to healthcare, transportation, social isolation, and difficulty navigating public benefits and community resources. Addressing these challenges requires meaningful collaboration among government agencies, healthcare providers, nonprofit organizations, businesses, and community leaders.

The 1st Atlanta Korean American Senior Welfare Forum is a landmark initiative that will bring together approximately 250 seniors, caregivers, elected officials, healthcare professionals, government representatives, nonprofit organizations, and community leaders to share resources, promote collaboration, and strengthen support systems for older adults. Our inaugural theme, "Together, a Dignified Tomorrow," reflects our shared commitment to ensuring that every senior can age with dignity, independence, and access to essential services.

Your sponsorship will directly support senior wellness and education programs, multilingual access to health and social services, resource navigation for immigrant seniors and their families, increased public awareness of senior issues, and the long-term development of Korean American senior services throughout Georgia. As a sponsor, your organization will receive valuable recognition through the event program booklet, promotional materials, social media, website, and public acknowledgment during the forum. More importantly, your partnership will demonstrate a genuine commitment to improving the lives of one of the fastest growing and most underserved senior populations in our region while strengthening your organization's visibility and community engagement.

We respectfully invite you to join us in making this inaugural forum a success and helping build a healthier, more connected, and more inclusive future for Korean American seniors and their families.

Thank you for your consideration and your commitment to serving our community.

We would welcome the opportunity to discuss sponsorship opportunities and explore how we can partner to make a lasting impact. If you have any questions, please feel free to contact Xavier Kim at 678-255-1072 or atlanta.kasa@gmail.com.

We look forward to partnering with you.

Kyung Sok Chae, President
Atlanta Korean American Senior Association

5900 Brook Hollow Parkway Norcross, GA 30071 / atlanta.kasa@gmail.com / P. 770-441-2211

Why This Forum Matters

Korean American seniors are among the fastest-growing aging populations in Georgia. As this community continues to expand, many older adults face unique challenges that limit their ability to fully access essential services and actively participate in community life. Language and cultural barriers, navigating complex healthcare and public benefit systems, transportation limitations, social isolation, and limited awareness of available resources often prevent seniors from receiving the support they need to age safely and independently.

The 1st Atlanta Korean American Senior Welfare Forum has been established to address these challenges by creating a collaborative platform that brings together Korean American seniors, family caregivers, government agencies, healthcare providers, nonprofit organizations, and community leaders. Through education, advocacy, and partnership, the Forum seeks to strengthen the well-being, independence, and quality of life of Korean American seniors while promoting culturally responsive aging services throughout Georgia.

The Forum is designed to:

- **Connect** seniors and their families with government agencies, healthcare providers, nonprofit organizations, and community resources.
- **Educate** participants about healthcare, public benefits, transportation, housing, caregiver support, and other essential aging services.
- **Advocate** for culturally and linguistically responsive programs that better serve Korean American and other immigrant senior communities.
- **Inspire** collaboration among public, private, and nonprofit sectors to build a stronger network of support for healthy aging.

This Forum represents more than one-day events. It is the beginning of a long-term initiative to strengthen partnerships, improve access to essential services, and advance the health and well-being of Korean American seniors across Metro Atlanta and Georgia.

Building Stronger Communities Together

The Atlanta Korean American Senior Association (AKASA) invites government agencies, healthcare organizations, nonprofit partners, businesses, and community leaders to join us in this important initiative. Together, we can remove barriers, expand opportunities, and ensure that every older adult has the resources, respect, and support needed to age with confidence, security, and purpose.

Together, we are building a more inclusive, healthier, and dignified future for Korean American seniors.

SPONSORSHIP OPPORTUNITIES, Become a Community Champion

Your support helps Korean seniors enjoy their golden years with confidence, peace of mind, and a sense of fulfillment.

Your support helps provide:

- ✓ Educational Resources, ✓ Wellness Programs, ✓ Community Outreach, ✓ Multilingual Service Access, ✓ Caregiver Support, ✓ Sustainable Senior Programs
